### Date and Time

December 8, 2020 - 07:00 PM - December 8, 2020 - 08:00 PM

### Location

Zoom Meeting

Kamco Invest is pleased to invite you to a webinar discussing the outlook for global markets post the US elections and the sentiments of regional investors towards opportunities currently in the market. Participants will be discussing several topics including:

- Global Macro outlook for 2021

- 
- Changes expected in the US policies, such as tax and stimulus programs
  - Impact on US Fixed Income and Equity markets short and long-term
  - In the era of Biden, will we see further emphasis on ESG type of investments
  - Views on Oil from a Global and GCC perspective
  - Where regional institutions have been deploying, geographies and asset classes
