Recent market developments have further strengthened Saudi Arabia's position as a leading financial hub in the region, enhancing market liquidity, deepening institutional participation, and supporting the Kingdom's long-term capital market development goals. These positive dynamics reflect the continued success of regulatory reforms and economic diversification efforts under Vision 2030, which are fostering a more vibrant and inclusive investment environment.

In recent weeks, the Saudi stock market has witnessed a notable improvement in performance, with year-to-date losses narrowing significantly and investor confidence strengthening. The benchmark index saw broad-based gains led by the banking and real estate sectors, driven by optimism surrounding ongoing market reforms and improved global sentiment.

Commenting on the market developments, Salah A. Al Wuhaib, Managing Director of Equity and Fixed Income at Kamco Invest and Board Member at Kamco Invest - Saudi, said: "Saudi Arabia continues to represent a compelling investment destination within the region. The ongoing evolution of its capital markets is creating attractive opportunities for regional and international investors, supported by robust regulation, increased liquidity, and growing institutional participation."

Kamco Invest – Saudi has been serving institutional and high-net-worth clients in Saudi as well as regional and international investors seeking exposure to the Saudi market, offering discretionary and advisory portfolio management

solutions that align with clients' long-term investment objectives. Kamco Invest – Saudi, combines its on-the-ground market knowledge with Kamco Invest's regional investment platform, leveraging disciplined research and robust governance to deliver value-driven results.

Mohammed Al-Faris, Chief Executive Officer of Kamco Invest – Saudi, commented: "Kamco Invest is well-positioned to serve investors seeking exposure to the Saudi capital market through a range of strategies, discretionary portfolio management, and advisory services. Our Saudi-based strategies rank among the top performers in their respective categories, supported by a solid track record spanning more than 15 years."

It is worth noting that the conventional equity strategy managed by Kamco Invest in the Kingdom is the largest in its category with capital of SAR1.2bn and has achieved 8.24% return in the first 9 months of 2025.

Al-Faris added: "We have recently relocated our office to the King Abdullah Financial District (KAJD) and have expanded our team in the Kingdom to provide enhanced service to our clients."

Al Wuhaib concluded: "As an established presence in the Kingdom, Kamco Invest remains committed to enabling clients to navigate this evolving market landscape and capture its sustainable growth potential. Furthermore, we are in the process of launching new products and services in the Saudi market, further expanding our on-ground capabilities to complement our existing portfolio management and advisory offerings."

Kamco Invest reaffirmed its active engagement in providing portfolio management and advisory solutions that capitalize on the expanding investment landscape in Saudi Arabia, as the Kingdom's capital market continues to attract growing regional and international interest.
